PRECISION MANUFACTURED IN THE USA

TRIDENT INDUSTRIES INC.

FOR SUPPLIERS

PARTNER WITH TRIDENT

Advanced manufacturing for aerospace, defense, and weapon systems.

TRIDENTINDUSTRIESINC.COM

WHAT WE DELIVER

CAPABILITIES AT A GLANCE

ADVANCED SYSTEM ENGINEERING

Cutting-edge hardware solutions that address the modernization priorities of the Department of Defense, including classified initiatives.

ADVANCED MANUFACTURING

A substantial in-house facility dedicated to the fabrication of ground support hardware and mission-critical components.

INTEGRATION & ENHANCEMENT

Developing next-generation defense hardware, advanced land systems, and a wide array of innovative integrated solutions.

ZERO-COMPROMISE MANUFACTURING

CAPABILITIES

FULL-SPECTRUM MANUFACTURING

From complex 5-axis CNC milling to metal 3D printing — Trident Industries is a single-source manufacturer for the industries that demand zero compromise. Every part we deliver reflects our commitment to manufacturing excellence.

SERVICES

- 3-, 4- & 5-Axis CNC Milling
- Metal & Polymer 3D Printing
- 3D Scanning & Inspection
- Reverse Engineering
- CAD / CAM Design & Engineering

INDUSTRIES SERVED

BUILT FOR THE MISSION

- AEROSPACE
- DEFENSE
- WEAPON SYSTEMS
- LAND SYSTEMS

SUPPLIER PARTNERSHIP

PARTNER WITH US

Trident partners with vendors who share our standards for precision, reliability, and on-time delivery. We work with suppliers of raw materials, tooling, fasteners, hardware, finishing, and inspection services who meet our quality systems and documentation requirements.

WHAT WE LOOK FOR

- Consistent quality and process control
- Aerospace / defense traceability
- Reliable lead times and clear communication
- Competitive pricing without compromise
